**Subject:** Thanks to San Jose Stamp Club from the Holocaust Stamps Project

Dear Brian,

Thanks to you and the San Jose Stamp Club for recognizing our project on your website. I just came across it while checking Google for the latest links on the search engine.

Your members might be interested to know that after eight years of collecting and counting envelopes and boxes full of stamps donated from across the country and the world, we are nearing the goal to amass one stamp for each of the 11 million Holocaust victims. The 2/16/17 total was 9,095,644.

You will find the very latest updates about the Holocaust Stamps Project (HSP) on Facebook <https://www.facebook.com/HSPfounder> where details are usually able to be posted faster than on the school's website.

PLEASE like and share our Facebook page to help spread the word about this important educational initiative, using world history to teach tolerance, acceptance, and respect for differences.

Thank you.

Charlotte Sheer
